HKG/BCN Urban Exchange Platform: Barcelona Visit from 23 - 26 November 2013

Together with the Hong Kong SAR Government, Barcelona City Government, Hong Kong Institute of Planners and Hong Kong Green Building Council, the HKG/BCN Urban Exchange Platform was recently formed. This joint city research involves the study of various sites in Kowloon East in Hong Kong and the Litoral Morrot area in Barcelona by the Barcelona and Hong Kong parties respectively. For the Hong Kong party to study Litoral Morrot, collect background planning information, and for Barcelona Think Tank as host to introduce the relevant context, a visit had been arranged from 23 November 2013 to 26 November 2013.

A document will be prepared by both parties to record the findings of the research project which will be announced in a symposium to be held in February 2014 in Hong Kong.

Representatives from HKIUD: Mr. Ivan Ho, Public Affairs Committee Chairman, Mr. Tris Kee, Public Affairs Committee Member, Mr. Steven Lee, Young Urban-design Professionals(YUP) and Mr. Tony Ip, Young Urban-design Professionals(YUP)

Energizing Kowloon East Office, Development Bureau Kowloon Bay Business Area Pedestrian Environment Improvement Feasibility Study - Stage 2 Public Engagement Invitation to Forum for Professional Institutions

With the completion of numerous new office developments in Kowloon Bay Business Areas (KBBA), the pedestrian and vehicular traffic has been increased tremendously. There is public aspiration for a more comfortable, safer and better pedestrian environment. AECOM Asia Co.Ltd. was commissioned by the Energizing Kowloon East Office (EKEO) of Development Bureau (DevB) in February this year to undertake the Study :Kowloon Bay Business Area Pedestrian Environment Improvement Feasibility Study. The Study would review and assess the existing pedestrian and traffic environment in KBBA, estimate the future growth of pedestrian and traffic flows and investigate and produce feasible proposals in short, medium to long-term to enhance pedestrian connectivity in KBBA with Kowloon Bay MTR Station and the waterfront of Kai Tak Development.

In order to receive the views and comments from the public regarding the pedestrian and traffic environment in KBBA, a 3-stage public engagement (PE) exercise will be carried out. The Stage 1 PE event was completed in June this year. EKEO have analysed the views and suggestions given in the Stage 1 PE. Having consolidated and considered the views from the public, the Study Team has formulated an overall pedestrian environment improvement framework in which various at-grade improvement proposals are recommended. The Stage 2 PE launched on 14 November and will last until 10 January 2014. For details of the Stage 2 PE, please refer to the study website (<http://www.ekeo.gov.hk/kbba-pedestrian/en/Stage2PublicEngagement01.html>).

You may download the Engagement Digest at

http://www.ekeo.gov.hk/kbba-pedestrian/en/doc/PE2_ED_1105_FINAL.pdf

To obtain views from professional institutions on the proposals, a forum will be held on 4 December 2013 (Wed) evening. The details are as follows:-

Stage 2 Public Engagement - Forum for Professional Institutions

Date : 4 December 2013 (Wed)

Time : 6:30pm — 8:00pm

Venue : Exhibition Hall, Energizing Kowloon East Office, 122 Hoi Bun Road, Kwun Tong
